

STRIKER POWER HIGH FREQUENCY MULTI VOLTAGE CHARGER

The ideal charger for the recharge and refresh of your entire battery portfolio. The High Frequency Multi Voltage Charger is ideal for any battery type, without the stress of looking for a dedicated charge.

Flexible Voltage

For workshop operations requiring the charge of batteries from 2V to 80V

Easy to Use

An intuitive “parameters setting” and integrated OLED display

Practical

Supplied with iron stand and cables holder on request

Efficient Cool-Down System

Dedicated air cooling direct to heatsink only.
Temperature-regulated fan speed

HRC3 Version

4 dedicated programs (programmable by PC)

Striker

POWER SYSTEMS
